

ADDE Update

August 2013

This update is for ADDE members to keep informed about the current work of ADDE. It comes out approximately every two to four weeks. Please feel free to distribute to your appropriate networks. Items of more general information will be placed on the ADDE website and face-book page. We encourage you to visit www.adde.org.au and join ADDE's face-book page, <https://www.facebook.com/groups/28577322674/>

Funding

ADDE is about to receive some funding from DEEWR to carry out a project around the consumers of the Disability Employment Services and make recommendations on how the DES system could be improved. Details of the project outline are not available as yet but it is anticipated that we will be running several focus groups for our members' views. We will keep you informed as soon as we have received the contract from DEEWR

We are also looking to run more Partnering for Success disability workshops and Disability Awareness workshops for employers.
